Blessings for all.

Thank God, Iglesia Luterana "Vida Nueva" survived Covid 19 and starting in May with new strength, it continues to minister to the Christian people, the Hispanic community and in a special way to immigrants.

We have preached and taught the Spanish Bible in Sunday Services and in Bible studies, understanding its idiosyncrasies and traditions, and ministering the sacraments.

In July we resumed catechism classes for children and in August with youth and adults.

We worship God with Latin American Songs, and we pray for the needs and illnesses of the community.

We seek that each person has an encounter with God.

We thank God, and "GRAND CANYON SYNOD" for the spiritual and financial support that you give us.

So we can continue the ministry of the Church, serve the community and be able to plan for growth and become self-reliant.
