Position Requirements:

- Embrace the ethos of the Heat Respite program

Our Heat Respite mission statement: *Our mission during the summer months is to provide a space for heat relief while building community through the sharing of community resources, meals, water, and ourselves in a place of being, belonging, and becoming.*

This ethos is most clearly articulated by Roman Catholic layperson Jean Vanier who wrote: *“In the midst of all the violence and corruption of the world, God invites us today to create new places of belonging, places of sharing, of peace and of kindness, places where no one needs to defend themselves; places where each one is loved and accepted with one’s own fragile abilities and disabilities. This is my vision for our churches: that they become places of belonging, places of sharing.”*

- Attention to Detail: Consistently attends to the many small pieces which must be assembled into an organized whole; comfortable with Microsoft Word, Excel, Publisher, Facebook, and email
- Integrity and Trust: Is seen as trustworthy by others; practices direct, honest, and transparent communication; admits mistakes; responds to situations with consistency and reliability; respects the autonomy of each individual
- Interpersonal Skills: Works well with people; uses diplomacy and tact; is approachable; avoids triangulation
- Emotional Intelligence: Demonstrates strong and appropriate personal boundaries in relationships; is emotionally and spiritually mature; can maintain a non-anxious presence in the midst of turmoil; not overly dependent upon outside affirmation; can stand in the presence of others’ strong emotions without taking responsibility for them or reacting to them externally or internally; does not hold grudges or bitterness; practices forgiveness and generosity in interpersonal relationships; values individuals’ gifts and accepts individuals’ limitations without demeaning them
- Personal Resiliency: Can shift gears comfortably; can comfortably handle risk and uncertainty; is flexible
- Project Management: Identifies the key objectives and scope of a proposed project; develops a thorough and realistic plan for achieving key objectives; implements action plans, communicates progress to team members and volunteers
- Quick Response to Emergencies
